pharos TERMINAL

FOR CO-OP LEADERS, TUTORS AND TEACHERS · GRADES 7–12

Run your class in Pharos Terminal

One classroom, one join code, every family's student in one place.

Image: Library of Congress, Prints & Photographs Division, LOC 2017764890 (Cooperative store of Arthurdale project, Reedsville, West Virginia)

Four steps

1. **Create.** Sign in with your parent account and press Create a classroom. Give it a name, like "Tuesday co-op · Grade 7 history."
2. **Invite.** Share the join code or link by email, text or on paper. Each parent adds their own student.
3. **Assign.** Assign a Nexus Point, a lesson packet, one session, a course lesson or a book to the whole class, with a due date and a note.
4. **Track.** The Progress tab shows each student's work: to do, in progress, overdue or done.

Good to know

- Up to 25 students in a classroom.
- Each family keeps its own Pharos Terminal subscription; joining your classroom doesn't use a seat on your plan.
- You see first names, grades and classroom progress only. Families keep their own records.
- Add a tutor or helper as a mentor.
- Lesson packets are aligned to West Virginia Department of Education academic standards in English language arts, science and social studies.
